PRIMARY EXAMINER

Examiner's Statement of Reasons for Allowance

1. Claims 1-7 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements as recited in claims 1:

The present invention is directed to a signal receiving system.

Regarding claim 1, Sugawara (US 4,926,187) discloses a signal receiving system comprising: a patch antenna, a modulator, and a demodulator. Sugawara, however, fails to specifically teach that a variable directivity antenna having its directivity varied in accordance with a control signal applied thereto; and a controller for demodulating said modulated signal to recover said control signal from said modulated signal and applying said recovered control signal to said variable directivity antenna to thereby vary the directivity of said variable directivity antenna.

Claims 2-7 are allowed for depending on claim 1.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
